*Environmentally Responsible Products for your Everyday Needs*

smart solutions for a greener world  
**GREENsafe**

**Environmental Responsible  
Cleaning Products**

Victoria Bay's Greensafe chemicals have been developed to reflect our commitment to protecting the environment. Our products have been manufactured with the latest technology and research to help reduce waste and lower VOCs while maintaining chemical effectiveness. By identifying our products as environmentally responsible we help our consumers make educated purchasing decisions. Victoria Bay's Greensafe chemicals are an excellent addition to your green cleaning program.

UL ECOLOGO® Certification delivers comprehensive value to help companies and manufacturers gain a competitive edge and win in the marketplace by communicating that their product, service or package has reduced environmental impact.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as represented it to the EPA by the manufacturer, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on the manufacturer, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of the manufacturer's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding. *Formerly DfE (Design for Environment)*
