

HYPROTECTION ZONE CONVENIENCE STORE SANITATION GUIDE

Imperial Dade's HyProtection Zone Program is a straight-forward guide designed to assist convenience stores in improving cleaning, disinfecting, and hand-hygiene protocol. The program includes best practices and product recommendations.

Outdoor, Retail, and Back-of-House Best Practices:

- Clean surfaces, removing soil load, before disinfecting.
- Use a disinfectant cleaner on all high-touch surfaces. Follow the product label directions and ensure proper dwell time.
- Use color-coded microfiber cloths or disposable wipers to prevent cross-contamination.
- Use a foodservice sanitizer on food contact surfaces.

OUTDOOR AREA

TOUCHPOINTS:

-  Gas Pump Handles
-  Pump Touchscreen/Keypads
-  Squeegees
-  Ice Cooler

RETAIL AREA

TOUCHPOINTS:

-  Door Handles/ Push Plates
-  Telephones
-  Pastry Cabinets
-  Coffee Carafes
-  Lotto Machines
-  ATM
-  Utensils
-  Condiment Station

RESTROOM

Restroom Cleaning Best Practices:

- Use a disinfectant bowl cleaner in toilet bowls and urinals. Allow dwell time, per instructions, before swabbing, flushing, and rinsing.
- Use a disinfectant cleaner on all high-touch surfaces and sink basin. Follow the product label instructions and ensure proper dwell time.
- Use touchless dispensers, flushers, and faucets.

-  Faucets

HAND HYGIENE

Hand Hygiene Best Practices:

- Place hand sanitizing dispensers at entrances and high traffic areas with signage reminding people to use the product.
- Post hand-washing signage in all restrooms and in the kitchen reminding people that handwashing is required.
- Use touchless dispensers for soap, sanitizer, and paper towels.

FLOOR CARE

Floor Care Best Practices:

- Floors require disinfecting.
- Use a color-coded microfiber mopping system to prevent cross-contamination.
- Use a neutral pH quat disinfectant on resilient tile flooring. Apply with a microfiber mopping system and allow proper dwell time. Mop again to pick up any excess solution.
- Post a wet-floor sign during cleaning.
- Mop from the far corner of the room towards the entrance.
- Pay attention to corners and baseboards and be sure to clean crevices where bacteria can collect.
